

How to Legally Perform Preventive Maintenance on your own Aircraft

This program reviews the regulatory authority for an owner to perform those items of preventive maintenance on their own aircraft. Part 43 is discussed in detail, reviewing the authorization for owners to work on, approve for return to service, sign-off and make proper log-book entries for work performed.

Directions: Old Vernal Aviation Building - Vernal Airport

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
